

FOR IMMEDIATE RELEASE

VESTAPLUS™ MLS Software Solutions Announces Strategic Partnership with Central Wisconsin MLS to License Checkmate Listing Violation Detection™ Software

Los Angeles, CA – VESTAPLUS LLC, a pioneering boutique organization known for its intuitive, powerful, and agent-driven MLS solutions, is thrilled to announce its new partnership with Central Wisconsin MLS Corporation (CWMLS). This partnership marks a significant milestone in the real estate technology sector, as VESTAPLUS LLC licenses its innovative Checkmate Listing Violation Detection™ software, with customization tailored to meet the unique needs of CWMLS.

CWMLS, a wholly owned subsidiary of Central Wisconsin Board of REALTORS®, consists of over 150 Firms and over 700 REALTORS® Members. By joining forces with VESTAPLUS™, CWMLS will transform the way they detect listing violations, ultimately saving time and money.

Checkmate will be tailored to meet the specific needs and requirements of Central Wisconsin MLS, providing a personalized solution that aligns with the organization's goals. With its state-of-the-art technology, Checkmate automates the listing violation detection process, reducing the need for manual oversight and minimizing errors in the data.

According to CWBR Board President Brian Slinkman of Next Home Partners, "This is a great time for CWBR! We couldn't be more excited to see our MLS evolving in an ever-changing market."

CWMLS President Max Rea of RE/Max Excel said "As the CWMLS President, it's great to see our MLS ushering in services to enhance our compliance and ensure that we deliver on strong data integrity."

"We are thrilled to partner with Central Wisconsin MLS," said Annie Ives, CEO at VESTAPLUS LLC." This collaboration reflects our dedication to supporting the real estate industry with effective technology solutions that enhance the experience for both MLS staff and real estate professionals. We look forward to a successful partnership."
